

Flanner and Buchanan Funeral Centers

Prearrangement Funding Policy

Flanner and Buchanan Funeral Centers helps hundreds of Indianapolis-area residents every year with their funded prearrangements. It is our policy to fully disclose all aspects of the contract and how this money is secured for your protection.

Prearrangement funds are placed in either:

Insurance

An insurance product is used to protect the funeral prearrangement contract from inflation. Flanner and Buchanan currently use a product provided by **Homesteaders Insurance Company**. Homesteaders Life serves 3,000 funeral homes nationwide and has over \$1.23 billion in policy reserves. Homesteaders have a B++ Secure rating from A.M. Best.

Trust

For the elderly or those facing eminent death, Flanner and Buchanan places all contract monies in the **Master Choice Funeral Trust**. This fund is provided through the Indiana Funeral Directors Association. All of the Trust's funds are deposited with the Trust Department of **Fifth Third Bank**. Thus, the services and merchandise prices of your funeral pre-arrangement are secure. You'll get what you arranged for, regardless of inflation.
